## Why is bus service changing?

To provide riders with more frequent service, better connections to where they want to go, fully accessible bus stops, and a simpler network that's easier to use. We are moving ahead with these improvements after listening to thousands of MBTA bus riders like you as part of the landmark Bus Network Redesign Study completed in 2022.

These changes are just the first step toward implementing a Better Bus Network over the next 5 years, so stay tuned for announcements about future service changes. Learn more about the Bus Network Redesign at [MBTA.com/BNR](https://www.mbta.com/BNR).
