

A Physics MOSAIC:

Scientific Skills and Explorations for Students

Table of Contents

Introduction

Educational Standards

- National Science Education Standards
- Massachusetts Science Framework Standards

Final Project

- Table of Contents
- Teacher Introduction
- Student Introduction
- Worksheets on Background Information
- Activities for Familiarity with Web Interface
- Research Project Topics and Format
- Suggested Projects
- Appendix: All MOSAIC Months, with potentially relevant events

Measurement, Uncertainty, and Data Analysis

- PowerPoint Notes on Numbers in Science
- PowerPoint Slides: Numbers in Science
- PowerPoint Notes on Data Analysis
- PowerPoint Slides: Data Analysis
- Activity 1: Measurement (with Teacher Notes)
- Activity 2: Quantifying the Effect of Large Data Sets (with Sample Results, Teacher Notes)
- Activity 3: Detecting a Signal through Noise (with Sample Results, Sample Data)
- Activity 4: Graphing and Trends (with Sample Results, Teacher Notes)
- Worksheet (with Teacher Notes): Number Sense

Mechanics

- PowerPoint Notes on Energy
- PowerPoint Slides on Energy
- Worksheet (with Teacher Notes): Energy
- Activity 1: Track Records (with Sample Results, Teacher Notes)
- Activity 2: Space Shuttle Dynamics

Waves

- PowerPoint Notes on Wave and MOSAIC Basics
- PowerPoint Slides: Wave and MOSAIC Basics
- Worksheet (with Teacher Notes): Wave and MOSAIC Basics
- PowerPoint Notes on Wave Properties
- PowerPoint Slides: Wave Properties
- Worksheet (with Teacher Notes): Wave Properties

Electromagnetic Radiation

- PowerPoint Notes on Electromagnetic Waves
- PowerPoint Slides: Electromagnetic Waves
- Worksheet (with Teacher Notes): Electromagnetic Waves
- PowerPoint Notes on Optics Basics
- PowerPoint Slides: Optics Basics
- Worksheet (with Teacher Notes): Optics Basics
- PowerPoint Notes on Energy Levels and Spectra
- PowerPoint Slides: Energy Levels and Spectra
- Worksheet (with Teacher Notes): Energy Levels and Spectra

Appendix

- MOSAIC Web Interface Notes: What you see and What you get
